

# FAST FIT PROGRAM

## What we are offering:

Countertop installation within 5 business days of cabinet completion

This expedited service is offered at no additional charge through November 1, 2025

### Requirements for Eligibility:

1. Please have Jackie pre-approve the job before presenting the offer to the customer. There are some limitations that will prevent us from approving all projects but we will do our best to approve as many as we can.
2. This is only for hard surface countertops. Does not apply to laminate, solid surface or Thinscape materials.
3. Required information for review includes:
  - a. Confirmation that demo is complete (or if it is not, who will be completing the demo), if walls are moving, and if it is new construction
  - b. Backsplash type
  - c. Year the home was built
  - d. Design details
4. All necessary appliances, sinks, faucets, etc., must be onsite at the time of template — same as a standard install.
5. Jobs with a farm sink are not currently eligible.
6. Only offered on jobs where the customer has purchased cabinets, cabinet installation, and countertops together.

**\*\* Please note: This is not the Emerald Package. It does not include the additional upgrades. However, the Emerald Package may still be the best fit for customers with farm sinks or those needing post-cabinet template and remains a strong value for its added benefits and faster turnaround.\*\***
